UnitedLex for Corporate Clients

UnitedLex is the preferred choice of the Fortune Global 500 and provides meaningful, long term solutions to companies needing to do more with less in today's challenging environment. Our proven methodology enables us to understand your legal and business needs and design solutions that drive efficiency and effectiveness - with results flowing now. More than just providing consultative expertise, we deliver results through our onshore and offshore delivery centers.

UnitedLex for Law Firms

Law firms have a unique set of challenges in addressing their domain and support services needs. UnitedLex's team of law firm solution professionals is dedicated to the legal domain and brings significant best practice experience to optimize the balance between effective delivery and efficient cost. UnitedLex offers a unique opportunity to materially lower the cost of performing services and expand into new revenue streams in various core domain areas as well as optimize functional support in the areas of finance and accounting, general administration and human resources. Further benefit occurs as existing internal resources may refocus their efforts on more complex and higher value services to the firm.

UnitedLex Consulting Services

UnitedLex's consulting team is comprised of industry leaders with extensive experience in optimizing the performance of law departments and law firms in the focused areas of e-Discovery and litigation support, intellectual property, contracts, immigration and law firm domain and support services functions. Our consultants average more than 15 years of experience working with Fortune 500 corporations and the world's leading law firms.

UnitedLex Primary Service Areas

Litigation Support

UnitedLex offers clients a fully integrated eDiscovery solution that seamlessly blends all facets of the litigation lifecycle: Early Case Assessment, Data Collection and Forensics, Document Processing, Online Data Housing, Attorney Document Review and Document Production, into a single and legally defensible process at the lowest possible cost.

Contracts

UnitedLex expertise includes contract preparation, review and management and extends across all major functional areas including sales, procurement, channel management, subcontract administration, public sector, professional services, outsourcing management, HR and audit.

Intellectual Property

UnitedLex intellectual property services span the entire IP spectrum - R&D strategy, trademarks, patent prosecution and commercialization as well as patent litigation.

Law Firm Solutions

UnitedLex partners with law firms in North America and the United Kingdom to generate competitive advantage via the creation of knowledge and shared service support centers.

Immigration Services

UnitedLex has engineered the first truly global immigration and labor law compliance platform, merging technology and outsourcing benefits with elite U.S and international immigration and labor counsel.

UnitedLex is a global leader in providing technology powered legal and business solutions. We deliver success in the fields of litigation, electronic data discovery, document review, contract review and management, intellectual property, immigration and law firm support. Leveraging more than 650 professionals in seven global offices and two data centers, UnitedLex empowers leading global corporations and law firms by providing them with the insight and applications to reduce costs and solve complex legal and business challenges. Our solutions approach has been carefully crafted to take advantage of our unique combination of strategic insight, deep industry expertise and technology.
